

**ASE Customer Accomplishments**

	<b>Customer</b>	<b>Project</b>
1.	Aeroservice, Miami, FL	Rediffusion A-300-B6 Simulator – engineering support and qualification to FAA Level C, 120-40B
2.	Aeroservice, Miami, FL	CAE B-737-200 Simulator – rehost computer, Redifun visual & ASE IOS, QTG development and qualification to FAA Level C, 120-40B
3.	Aeroservice, Miami, FL	Reddifon DC-10 Simulator – rehost 6-DOF motion system and qualification to FAA Level C, 120-40A
4.	Altheon/Rotran, China	B-737 Simulator – engineering support for relocation from Korea to China, qualification FAA/China CAA
5.	Australia	ASE 2 axis, 500 lb motion seat (Delivery 01/2006)
6.	CAE/BAe/RSAF, Jedi, Saudi Arabia	Reflectone C-130 Simulator – engineering support, regulatory qualification
7.	CAE USA (Reflectone) Istanbul (IQTG) Brussels (Sabena)(IQTG) Berlin (Lufthansa) (FAA)	(3) BAe RJ-85 Simulators – QTG development and qualification to IQTG Level 2 (equivalent to JAR Std-1A and FAA Level D) The current JAR Std certification criteria was developed from the original IQTG standard.
8.	FTF/COPA, Panama City, Panama	Mechtronix B-737-NG Simulator – consulting & engineering support, long-term maintenance contract, FAA Level B, 120-40C/ICAO & Panamanian AAC (in progress)
9.	INDRA, Madrid Spain	ASE 3 axis, 1,000 lb motion platform for vehicle simulator (Delivery 01/2006)
10.	NIOSH (Center For Disease Control)	ASE 6 axis, 500 lb motion seat for demonstration system
11.	NLX/U.S. Air Force	NLX B-1 Bomber Simulator – performance and ground effect enhancements
12.	Multiple Simulators	EGPWS/TCAS/IOS Upgrades
13.	Pan Am Int'l Flight Academy (PAIFA), Miami, FL	Conductron DC-8 Simulator – rehost and qualification to FAA Level B, 120-40B
14.	PAIFA, Phoenix, AZ	Lear-35 Simulator – total flight test & model development, computer rehost and qualification to FAA Level C, 120-40B
15.	PAIFA, Las Vegas, NV	B-737-200 Simulator - upgrade QTG development, qualification from FAA Level B (120-40A) to FAA Level C, 120-40B
16.	PAIFA/ASTAR DHL, Cincinnati, OH	B-727-200 Simulator – TAWS, FMS, TCAS II upgrade, relocation and qualification to FAA Level C (in progress)
17.	PAIFA, Glendale, AZ	Flight Safety C90 – Software enhancements, QTG Development, and Qualification to FAA Level C, 120-40B (In Progress)
18.	SimCom, Orlando, FL	ASE/SimCom Hawker-800 Simulator – simulator design, software development and qualification to FAA Level C, 120-40B
20.	SimCom, Orlando, FL	SimCom Cessna CJ - Software development, Controls & Motion Tuning, QTG Development, and qualification to FAA Level C, 120-40B (In Progress)
21.	SimCom, Phoenix, AZ	SimCom Cessna Citation – Visual System replacement to Redifun Visual System, Software Integration, IOS Upgrades, and FAA Level B Visual Qualification. (In Progress)
19.	Regional Airline Academy (RAA), Deland, FL; Mesa, AZ	(4) ASE PA34-200 Seneca FTD – flight testing, data modeling, FTD design, manufacture, and qualification to FAA Level 6, 120-45A (#4 scheduled for FAA 02/2006)
22.	Technifex, California	ASE 2 axis, 500 lb motion seat for museum exhibit (Delivery 01 2006)
